8.4.1 Qualification for the Championships

The 4 highest placed competitors from each Area Qualifying Competition will go forward to the Championships provided that they have attained at least 50th of the possible maximum score

8.2 Scoring NB different from previous Rules

Dressage: the judge's good marks shall be added together and any penalties awarded shall be deducted. Multiply the result by 100 and divide it by the maximum mark obtainable. The result is the percentage score for the dressage test.

SJ: The penalties incurred for the jumping test are deducted from the percentage score awarded for the dressage test. The competitor with the highest score is the

winner; their final marks having deducted any jumping penalties must still be a minimum of 50% of the dressage score.

Ties: If two or more competitors complete both phases with the same total score; the competitor with the highest Dressage score wins. In the event of a tied dressage score the collective marks (eg paces, impulsion, submission and rider position) shall be totalled to decide the highest placed individual competitor. If the collective marks are equal, the competitor with the highest marks for individual dressage movements wins: ie the competitor with the highest number of scores of 10 wins; if neither competitor scored any tens, then the competitor with the highest number of scores of 9 wins; if neither competitor scored any
