

IPC MOUNTED GAMES TACK SHEET 2017

To be Read by D.C.'s, Trainers, Parents and Competitors

It is the responsibility of competitors to ensure the correct Tack is used in conjunction with 2017 Rules. All tack should be properly maintained, correctly fitted and clean when presented for Tack Inspection.

If a Tack Steward finds any gadget/bit or piece of saddler that in his/her opinion is cruel, the Chief Steward, who has absolute discretion to forbid its use and to ban the respective animal from competition, will be called. Saddlery which is not allowed for competition may not, upon penalty of elimination, be worn on the day of competition. Actions deemed cruel will eliminate the combination of horse and rider. Competitor only, may school and ride their horse at competitions.

The No. 5 rider, when taking part unmounted must also wear a hat (fastened).

At a Branch rally or during camp, at introductory level on an occasional basis, if necessary members may wear a hat which complies with the permitted standard rather than a skull cap. However it should be stressed that a properly fitted skull cap offers best protection and must be worn at all competitive levels in Mounted Games.

Please note the PAS 015: 1998 or 2011 and the Snell E2001 meet higher impact criteria and therefore give more protection.
